Billy, Randy and EPA team –

I'd like to reiterate our interest in your help getting materials and resources – all categories + any that are infrastructure-related, in particular—into this portal by the 15th. To achieve that, this week and next week are critical. You'll see in the linked tracker below what resources (and from whom) is in there so far. As steering committee members I am hoping you can help by spending some time this week (1) KAB and ISRI- reaching out to your networks with the attached request for submissions, (2) EPA, KAB, and ISRI - submitting those you have (KAB's should in part or in full already be in, but thanks for taking a look in the tracker, Randy, to confirm), and (3) KAB and ISRI - reviewing what's already in the tracker for accuracy and relevance (feel free to make edits directly in the sheet).

https://docs.google.com/spreadsheets/d/1ax1LEhfVmdPM27ghOjVKE_S6IKwVHfKc4NnD3dUsnZg/edit?usp=sharing

Thanks so much,
Stephanie

Randy and Billy –

As infrastructure steering committee members, I'd welcome your help with the distribution of the attached call for resources. To make this process as effective as possible between now and the end of the month in preparation for ARW, we have set up the following tools for our use:

1. To track who you are targeting for resource collection (and so we can take responsibility for follow ups over the next few weeks), I've begun a list of organizational leads here --
<https://docs.google.com/spreadsheets/d/1z8NlKPkkm0p5jUorDAPib3xzQx1WTDmSselMtnf1zSo/edit?usp=sharing> Please add in suggestions with your organization next to them, so we know who is covering.

2. To collect the resources, we have created a google link that feeds directly into the portal so it does not fall to us to do. That link is embedded in the document and here again for reference –
https://docs.google.com/spreadsheets/d/1ax1LEhfVmdPM27ghOjVKE_S6IKwVHfKc4NnD3dUsnZg/edit?usp=sharing

In addition to circulating, can you please submit pertinent ISRI and KAB resources, respectively, using the same link above?

Many thanks,
Stephanie

Randy and Billy –

Updated version here. Thanks for your feedback by COB Tuesday. We'd like to begin circulating it to the EPA groups and otherwise (and ask for your help circulating and collecting, additionally).

Have a great weekend,
Stephanie

See attached draft call for resources referenced on today's infrastructure call. Any feedback before I start disseminating? Aiming to get something out Wednesday of next week latest so thanks for any thoughts/additions/adjustments between now and then.

Have a great weekend,
Stephanie

Importance: High

Randy and Billy (removing EPA team)--

Our web group that we've brought on to do the build would like to join the conversation to guide it and hear ideas. I think this would be great. But we need to pretty quickly determine whether we're meeting on the 14th or alongside the other working groups down in New Orleans during the Resource Recycling Conference.

Thanks for letting me know ASAP so I can schedule them in accordingly!
Stephanie

PS - hope you can make it to our Summit Aug 15-16. You are both welcome as my guest using comp code STAFFCOMP upon registration.

What a great analogy – that's definitely making it in the update. Happy to provide the remarks – is the way I've been explaining it sufficient for tomorrow's briefing? Let me know if there's anything other than dad's old garage to make sure to include additionally.

And let me know if you'd like to have a deeper dive mapping session in mid-August to start thinking about the content inclusion and whereabouts. We should have a strawman of the portal by then to give us something to work with. Let's look at calendars the week of August 19th or whenever Randy is next in DC if at all in August.

Best,
Stephanie

I would agree with Randy. You have the best grasp of the program. I think it is important from our last call to explain that the group is looking at what and how information will be posted and maintained so the site doesn't look like dad's old garage after a year or so. I also have a conflict tomorrow but my colleague Adina will be on the call. Billy

Stephanie are you comfortable leading the briefing? Billy and I can certainly add but I feel like you have the best comprehensive overview of the roadmap ahead for the clearing house and work group deliverable.

Hi Stephanie, Billy, and Randy –

During tomorrow's full America Recycles workgroup check-in, we will be looking to our steering committee members to provide an update on the conversations that occurred during the steering committee and workgroup conversations during the month of July. I will leave it up to you how you would like to split that up, but just wanted to give you a heads-up so you're not caught off guard when the facilitator turns it to you tomorrow!
